### Hydraulic Fracturing Fluid Product Component Information Disclosure

**Fracture Date:** Enter the date on which the fracture job was completed. Enter as mm/dd/yyyy (must be greater than 1/1/1950).

**State:** Enter the name of the state where the well is located. DO NOT use the two-character state abbreviation.

**County:** Enter the name of the county or parish where the well is located.

**API Number:** Enter the 10-digit API number. IMPORTANT: DO NOT enter the dashes.

**Operator Name:** Enter the name of the well operator as it appears on the lease identification sign.

**Well Name and Number:** Enter the name and number of the well as it appears on the lease identification sign.

**Longitude:** Enter the longitude of the well in decimal degrees. IMPORTANT: Do not forget to enter a minus sign at the front.

**Latitude:** Enter the latitude of the well in decimal degrees.

**Long/Lat Projection:** Enter the datum/projection of the latitude/longitude (NAD27, NAD83 or WGS84).

**Production Type:** Enter the type of well as "Oil", "Gas" or "Oil and Gas".

**Reason the additive was used**: Enter the reason the additive was used (such as Biocide, Acid Crosslinker etc.)

**Names of the actual chemicals in the additive listed individually**

**Chemical Abstract Service Number (CAS#)**

**Chemical concentration in the total fluid (% by mass)**

**Comments**

**Total Water Volume (gal)**

TOTAL WATER VOLUME SOURCES MAY INCLUDE FRESH WATER, PRODUCED WATER AND/OR RECYCLED WATER.

**Hydraulic Fracturing Fluid Composition:**

<table>
<thead>
<tr>
<th>Trade Name (Additive)</th>
<th>Supplier</th>
<th>Purpose</th>
<th>Ingredients</th>
<th>Chemical Abstract Service Number (CAS#)</th>
<th>Maximum Ingredient Concentration in HF Fluid (% by mass)</th>
<th>Comments</th>
</tr>
</thead>
<tbody>
<tr>
<td>Name of the product used</td>
<td>Name of the company supplying the additive</td>
<td>Reason the additive was used (such as Biocide, Acid Crosslinker etc.)</td>
<td>Names of the actual chemicals in the additive listed individually</td>
<td>Chemical Abstract Service number</td>
<td>Chemical concentration in the total fluid</td>
<td>Special comments</td>
</tr>
</tbody>
</table>

**Ingredients shown below are not subject to 29 CFR 1910.1200(i) and do not appear on Material Safety Data Sheets (MSDS).**

---

2 INFORMATION IS BASED ON THE MAXIMUM POTENTIAL FOR CONCENTRATION AND THUS THE TOTAL MAY BE OVER 100%.

(attach additional sheets as necessary)
